

NRA's Pistol Instructor Certification Course

As of April 4, 2017 there are **two** pre-requisite classes that must be completed prior to taking the NRA pistol instructor certification class. #1. NRA's blended class, (on-line portion only) & #2. the ILT (instructor led training class.) I normally offer the ILT class on Friday prior to Saturday's class date as well as other various times during the month. However, **any NRA certified pistol instructor** (not necessarily a training counselor) can conduct this ILT pre-requisite class assuming there is one in your area. You will need to bring the certificates of completion (on-line blended class & the ILT) to my (or any other training counselor's) pistol instructor class with you.

www.blumesashooting.com

To locate the NRA link for the blended class, click on the above link to my web site, scroll down a ways & look for the **linktonrasonline training classes**. Click on it & you should see the blended class as an option. Once you take & complete phase 1 of this, you download your certificate of completion which is what you need to bring with you to class.

To locate the other necessary forms, again go to the above listed web site, & once again click on the shooting logo in the upper left hand corner of the opening page to access the main page. Scroll down until you see the heading **NRA Instructor required forms**. Click on this heading & you will see a list of forms. You will need to click & open "General Information required for all classes" & under the sub heading "discipline specific forms" you will need to download the ILT pistol plans. It is important that you bring all these to class with you. I will supply the remainder of the necessary forms.

Thanks for your interest in NRA's Pistol Instructor certification course. I'm sure you will enjoy it & find it a very worthwhile class.

Sincerely

Larry D. McWhirter
